President's Welcome

Caitroina McCusker

President, NI Chamber

On behalf of the Board and Executive team of NI Chamber, it is my absolute pleasure to welcome you to the 2024 President's Banquet.

This annual event is always one of the highlights of the business calendar and tonight will be no different, with more than 1,000 colleagues and friends gathered to enjoy our biggest-ever Banquet.

Since 1783, NI Chamber has been at the epicentre of innovation and enterprise in Northern Ireland. Its founders and past presidents were some of the region's finest innovators, entrepreneurs and philanthropists; leaders in engineering, banking, linen and shipbuilding, they, like so many of you, had great global ambitions.

This year's banquet is all about thinking big; looking at how we, as businesspeople, can use imaginations to identify opportunities that others may overlook, to challenge the status quo, lift our sights and raise our ambition.

We want tonight to be about positivity for the future. It is intended to be a demonstration of the collective commitment that we will all put our shoulders to the wheel, alongside our politicians, to create what we know is possible – a globally competitive and sustainable economy, where all our people can thrive.

Great occasions such as these are made possible with the help of our sponsors and we are grateful for their support. They include NI Chamber's Communications Partner BT and this evening's supporting sponsors ABL Group, Barclays, Mattioli Woods and Tughans, as well as drinks reception sponsor Vanrath, Media Partner, Bauer Media Group and drinks providers Diageo and Jawbox.

On an evening like this, it is also right that we thank our twenty Chamber Patrons for their ongoing support. They are Agnew Leasing, Balcas, Belfast International Airport, Caterpillar, Danske Bank, Eakin Healthcare, Encirc, Galgorm Resort & Spa, Henry Group, Legacy Wealth Management, Moy Park, Narratology, Pinsent Masons, Power NI, PwC NI, Queen's University Belfast, Radox, Ulster Bank, Ulster Carpets and Ulster University Business School.

This night is designed to be a celebration of the possible, of the future. We believe that businesspeople across Northern Ireland deserve to be commended for the brilliant ideas they are bringing to the world and for the hugely positive message they send about Northern Ireland as a place to do business.

So for tonight, as we gather in the company of our imaginative, innovative and most creative colleagues and friends, let us enjoy doing just that.

Have a wonderful evening.

Regional Director, BT Enterprise NI

BT is pleased to once again be sharing this evening with the business community across Northern Ireland as we come together to celebrate the President's Banquet - with a theme of 'Beyond Imagination.'

Northern Ireland may be small in size but it continues to make a big impact on the global stage. It has never been more important that leading local businesses continue to work together in order to lead the way in innovation, forward-thinking solutions, and retaining talent here. This will help to ensure that we drive investment in a time of geopolitical uncertainty, in order to rebuild our businesses and our local economy.

At BT, we are a UK company, with a local presence, and we are excited for the year ahead. We remain committed to Northern Ireland through employment opportunities as well as the recent reopening of our flagship Riverside Tower office in Belfast following a multi-million-pound investment. Around 2000 colleagues are now benefiting from the new workspace. We'll also be continuing to support the next generation of connectivity for homes, businesses, and the public and third sectors.

We are proud that we have been working in partnership with the Chamber now for the past 18 years and want to thank them for their continued support, visionary approach, and strong leadership for businesses here. Together, we can push beyond imagination and achieve unparalleled success.

Have a great evening.
